

TONE

Tone panels offer design impact with a 3D optical illusion and class A acoustic comfort.

Select from a range of innovative designs to create a bespoke feature in any interior. Tone panels have been designed to offer a seamless display and are supplied in 1200mm x 1200mm x 150mm modules, offering an easy installation. Individual acoustic fins are affixed to a 12mm Alpha polyester backboard to create a highly absorbent acoustic solution. Choose from 20 colours to design a truly outlandish interior. Tone is 100% recyclable and can be removed and installed in a new location with ease.
