

ALPHA TILE

Alpha Tile is a decorative wall-mounted acoustic panel used to control reverberation and echo.

Alpha Tile is available in a range of geometric shapes and a variety of sizes, allowing you to create bold design statements with limitless layout options. Tiles are supplied with a self-adhesive backing for quick and easy installation, providing an affordable acoustic solution with infinite design possibilities. Mix and match The Acoustics Company colour range and choose from a straight cut edge or a 45-degree chamfer to suit your environment.

DATA
